We're Proud to Make A Difference.

Custom Stone Creations, LLC is a one-of-a-kind fabrication company. We excel in customizing each job "precisely to our customer's needs". While beautiful granite, marble and quartz slab countertops are the heart of what we do, you can also come to us for fireplace surrounds, slab floors, outdoor entertaining areas, works of art and more. We'll collaborate on anything you can imagine.

Our Commitment

is to provide the highest quality products, materials and customer service and give back to the community. This philosophy is evident in our employees, and definitely affects our choice of suppliers.

Why do business with us?

We are actively "green" researching new ways to stay environmentally conscious. Short lead times – approximately two weeks from approval to installation. We are a drug-free company. Community giving is important. A portion of each sale supports: Crystal Peaks Youth Ranch (Sisters, OR), Oregon Humane Society and the Boys and Girls Club.
